**OUR OPERATIONAL
EXCELLENCE PROGRAM**

This unique initiative is designed to drive Facilities Management effectiveness, support strategic delivery of services and enable continuous improvement. The program comprises:

Strategic Facilities Management Program

A digital library of policies, procedures, templates, forms, checklists and industry standards.

Best Practice and Innovation Program

A semiannual program presenting best practices on Facilities Management topics and trends.

Facilities Management Quality Assurance Review Program

An annual program to review facilities at each account for physical condition as well as operational, administrative and management policies.

Technology

We recognize the importance of accurate data and have structured our teams to provide best-in-class quality control processes. This ensures that accurate and complete information is captured and any potential risks are identified and mitigated.
